

Sans Wine Co.

Carbonic Carignan, Poor Ranch Vineyard - Mendocino County

Flavors and aromas of ripe berries, dried flowers and a hint of olive tapenade and Provençal herbs

Organically grown grapes (certified through CCOF)

No added sulfites

Certified Vegan

13% ABV

Wine Business Monthly, 'Hot Brands,' February 2019

The first Napa producer to make single vineyard, variety, vintage dated canned wines.

Winemaking Notes:

The 'Coyote Rock' block on the Poor Ranch was planted in 1943, and is the oldest block of Carignan on their property. The Poor Ranch is farmed by 5th generation grape growers John, John Samuel and Susan Poor. Their property is certified organic and the vines are head trained and dry farmed.

When the grapes arrived at the winery on September 25th, we put 100% of the whole grape clusters in a stainless tank, feathered in dry ice and then sealed up the tank so that it could go through primary, carbonic fermentation naturally (fermentation finished after 25 days). The resulting wine is juicy, dark and delicious with a nice balance of earth and fruit. Best served chilled. No added sulfites.

Sans Wine Co. is owned and operated by husband/wife team, Gina Schober & Jake Stover
