

Sans Wine Co.

Sauvignon Blanc, Finley Rd. Vineyard - Kelseyville (Lake County)

Aromas and flavors of ripe melon, tropical fruit, lemons.

No added sulfites

Organically grown grapes

Certified Vegan

13% ABV

Wine Business Monthly, 'Hot Brands,' February 2019

The first Napa producer to make single vineyard, variety, vintage dated canned wines.

Winemaking Notes:

'Finley Road Vineyard' is surrounded by pear orchards in Lake County's Kelseyville area and is farmed organically. The vineyard is owned by the Carpenter Family, and they have been growers of pears and grapes in Lake County since the early 1900s.

We hand harvested this vineyard on September 7, 2018 and whole cluster pressed to a stainless steel tank. Primary fermentation started naturally with native yeasts. The wine aged in stainless steel tank, and was racked off of its lees before it was canned.
